HICP Guiding Principles

(from our Vision and Mission document)

1. All participants agree to basic principles prioritizing equity, community resilience, and health in all programs and projects.
2. All participants agree to approach issues with an open mind, be willing to engage in dialogue, and commit to thinking boldly about solutions.
3. Participants will state views and ask genuine questions.
4. Participants will seek to avoid monologues and arguments; move to conversations where participants are curious and seek to understand various points of view.
5. Participants will explain reasoning and intent; share how we reach our conclusions so that others can understand our divergent reasoning.
6. Participants will attack the problem and not the person, organization, or institution.
7. Participants will define key terms so that we can attain a shared understanding.
8. Participants will share all relevant information.
9. Participants will always arrive prepared for the meeting.
10. During meetings, only one person speaks at a time; we will not engage in sidebar conversations.
11. Participants will work to develop a comprehensive, common set of information with which to solve problems and make decisions.
12. Participants will jointly design next steps.

COVID Update

LAC+USC and LAUSD Partnership

Born to Learn

I'm thrilled with this new collaboration with LAUSD to welcome and support our new families.

- The campaign is a collaboration between LAUSD and LA County-USC Medical Center to welcome and support new families. This partnership aims to empower parents with the information they need to have access to early educational resources for their children.
- ALL New parents in the maternity ward of L.A. County + USC Medical Center will receive a welcome package resembling a wooden alphabet block that contains baby items such as onesies, a blanket and other goodies.
- The baby care in the box also includes a diploma with a graduation date that symbolizing a successful completion of the educational program at LAUSD in the future.

Welcome Baby Celebration

We re-launched the **Welcome Baby -Shower** events for our most at risk families.

- This Welcome baby shower event is held quarterly for our high-risk patients such as teen mothers, patients facing housing insecurity.
- We provide moms and their families much needed resources including educational information, diapers, gift cards, car seats for new baby.
- These patients are identified by social work and women's clinic and is a collaborative partnership between Ob/Gyn, Social Work, Women's Clinic, Mama's Neighborhood, Wellness Center, St. Camila's, Angle Interfaith Network, and CARES.

The Presentation Will Answer These Questions

- ▷ What are the LA County emergency tenant protections as of January 24, 2023?
- ▷ What LA County tenant protections will continue beyond March 31, 2023?
- ▷ What do I do if I can't pay my rent?
- ▷ What are the LA City emergency tenant protections as of January 31, 2023?
- ▷ What LA City tenant protections will continue beyond March 31, 2023?
- ▷ Rental Stabilization Ordinance (RSO) Protections for the County and LA City?
- ▷ Can I be evicted right now?

La presentación responderá estas preguntas

- ▷ ¿Cuáles son las protecciones de emergencia para inquilinos del condado de Los Ángeles a partir del 24 de enero de 2023?
- ▷ ¿Qué protecciones para inquilinos del condado de Los Ángeles continuarán más allá del 31 de marzo de 2023?
- ▷ ¿Qué hago si no puedo pagar mi renta?
- ▷ ¿Cuáles son las protecciones de emergencia para inquilinos de la ciudad de Los Ángeles a partir del 31 de enero de 2023?
- ▷ ¿Qué protecciones para los inquilinos de la ciudad de Los Ángeles continuarán más allá del 31 de marzo de 2023?
- ▷ ¿Protecciones de la Ordenanza de estabilización de alquileres (RSO) para el condado y la ciudad de Los Ángeles?
- ▷ ¿Me pueden desalojar ahora mismo?

What are the LA County Emergency Tenant Protections?

¿Cuáles son las Protecciones de emergencia para inquilinos del condado de LA?

LA County has Emergency Tenant Protections that apply to unincorporated areas and all incorporated cities within L.A. County.

El Condado de Los Ángeles tiene protecciones de emergencia que aplican a todas las áreas no incorporadas y a todas las ciudades incorporadas en el Condado de Los Ángeles.

The emergency protections apply to:

Las protecciones de emergencia aplican a

- Residential tenants | Inquilinos residenciales
- Mobile Home space renters | Inquilinos de espacios de casas móviles

How long do the protections last?

The protections are effective

March 4, 2020 to March 31, 2023*

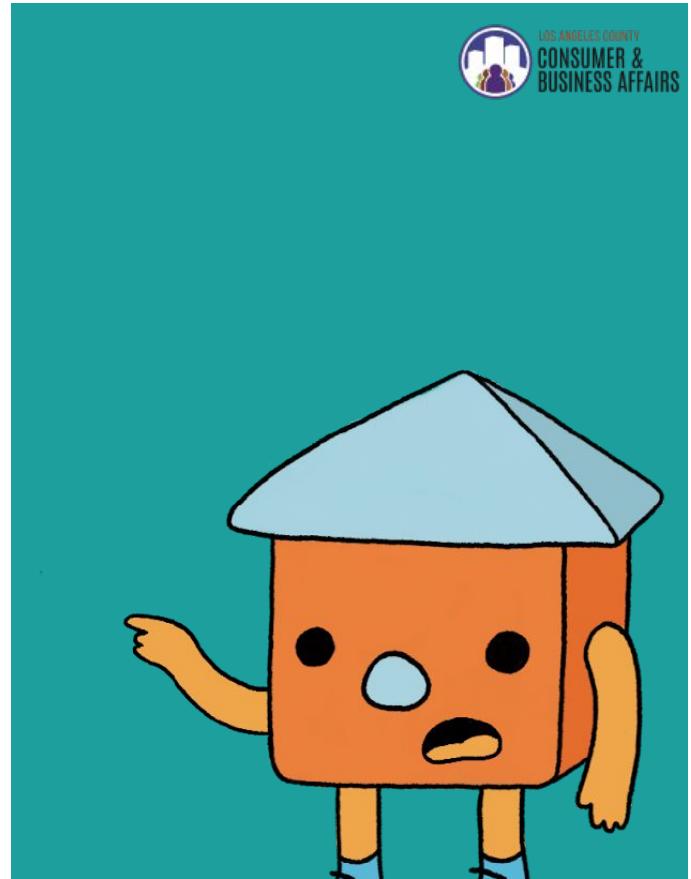

unless extended or repealed by the Board of Supervisors.

¿Por cuánto tiempo durarán las protecciones?

Las protecciones están vigentes

Del 4 de marzo de 2020 al 31 de marzo de 2023*

a menos que sean prorrogadas o derogadas por la Junta de Supervisores.

County protections restrict evictions

Evictions Prohibited for

- No-fault reasons, except certain owner move-ins*
- Nuisance, unauthorized occupants, or unauthorized pets present due to COVID-19
- Denying entry to landlord (starting June 1, 2022, only applies if landlord's attempts to enter are considered harassment)

Las protecciones de emergencia del Condado limitan los desalojos

Se prohíben los desalojos con motivo de:

- Impago de alquiler, excepto ciertas mudanzas de propietarios a su propiedad*
- Causar molestias, alojar temporalmente a personas o mascotas no autorizadas debido a COVID 19.
- Negarle la entrada al propietario (comenzando el 1 de junio de 2022 solo aplica si el intento de entrada del propietario se considera acoso)

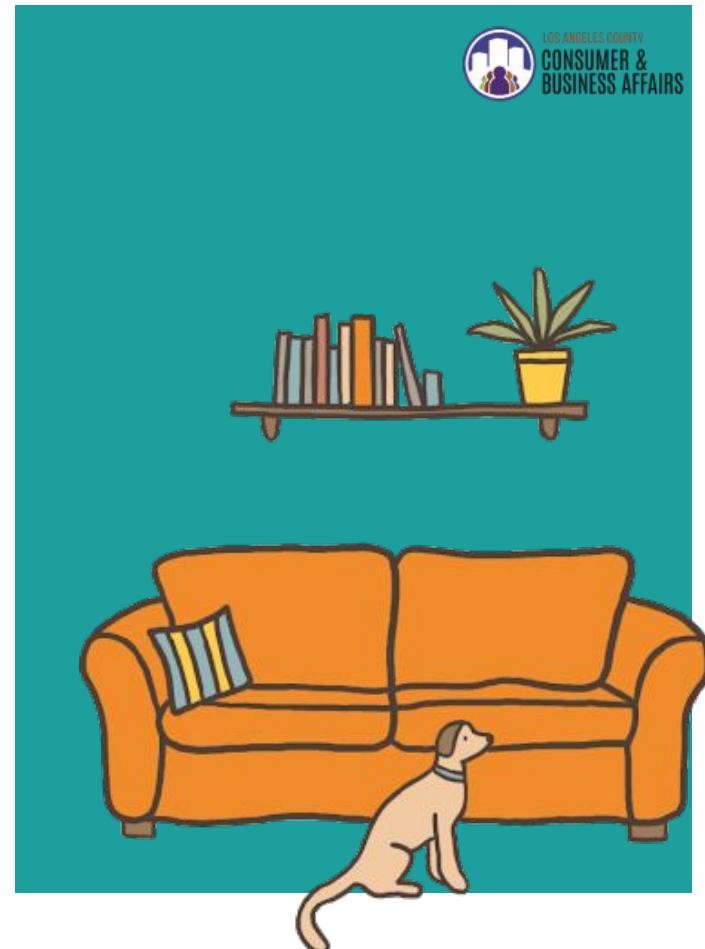

The County's emergency protections also...

- ▷ Creates penalties for landlord harassment and lets tenants sue their landlords for this
- ▷ Freezes rent increases, including new pass-throughs, in units in unincorporated LA County fully covered by the County's Rent Stabilization Ordinance
- ▷ Prevents landlords from imposing interest or late fees

Las protecciones del Condado de emergencia también...

- ▷ Crean sanciones por acoso de propietarios y permite que los inquilinos demanden a sus propietarios por esta causa
- ▷ Congela los aumentos del alquiler, incluidos los nuevos traspasos, en unidades en el Condado de Los Ángeles no incorporado totalmente cubiertas por la Ordenanza de estabilización de alquileres del Condado
- ▷ Evita que los propietarios impongan intereses o recargos por pago atrasado o traspasos

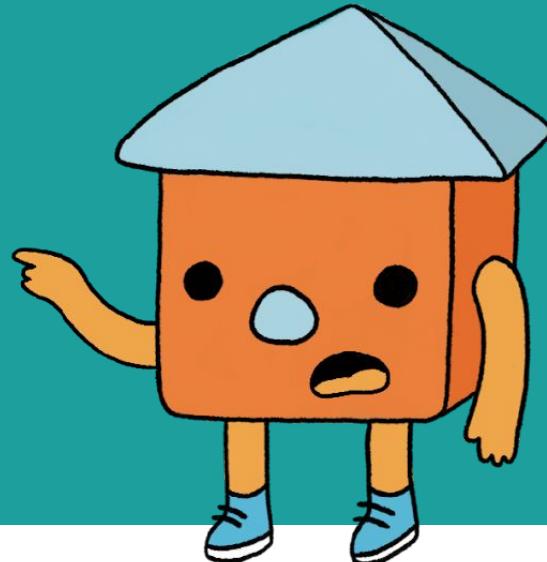

WHAT PROTECTIONS ARE BEING EXTENDED BEYOND MARCH 31, 2023?

**¿Qué protecciones para inquilinos del
condado de Los Ángeles continuarán
más allá del 31 de marzo de 2023?**

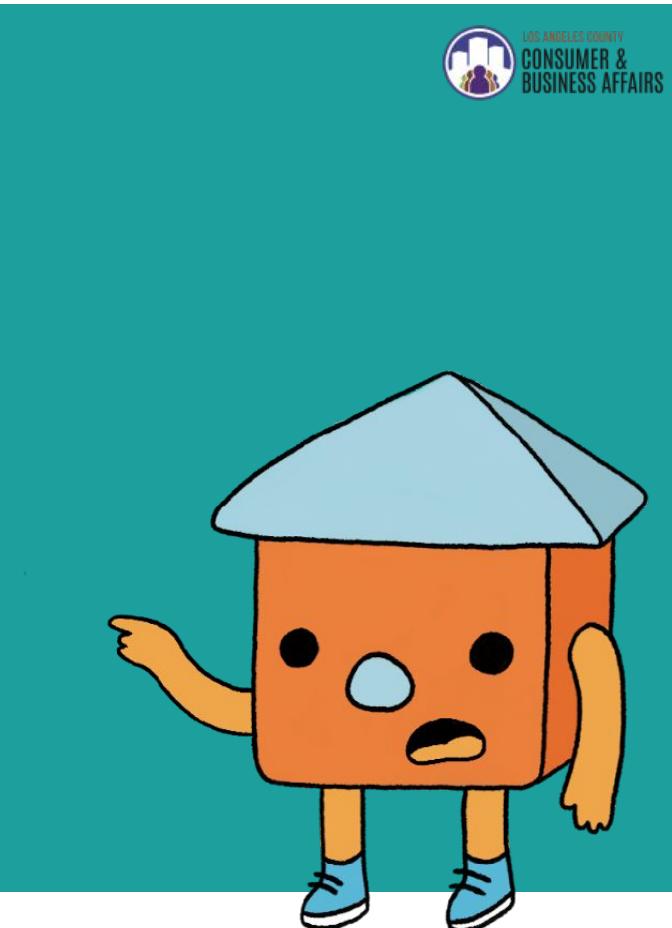

For residential tenants and mobilehome space renters who utilized the County's non-payment of rent protections between July 1, 2022 and March 31, 2023:

- ▷ Protected against eviction for No-Fault evictions reasons, except for qualified Owner Move-in
- ▷ Anti-harassment and retaliation protections during the Resolution's protection periods
- ▷ Starting April 1, 2023, landlords are required to serve tenants with a written 30-Day Notice prior to filing an eviction based on nonpayment of rent for rent accrued between July 1, 2022 and March 31, 2023.

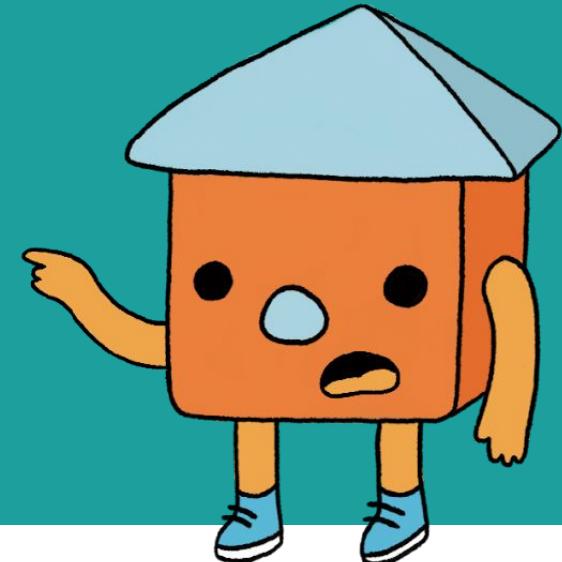

Para inquilinos residenciales y de espacios de casas móviles que utilizaron las protecciones de falta de pago de renta del condado entre el 1 de julio de 2022 y el 31 de marzo de 2023:

- ▷ Protegido contra el desalojo por motivos de desalojo sin culpa, excepto para mudanzas de propietarios calificados
- ▷ Protecciones contra el acoso y las represalias durante los períodos de protección de la Resolución
- ▷ A partir del 1 de abril de 2023, los propietarios deben entregar a los inquilinos un aviso por escrito de 30 días antes de presentar un desalojo basado en la falta de pago del alquiler acumulado entre el 1 de julio de 2022 y el 31 de marzo de 2023.

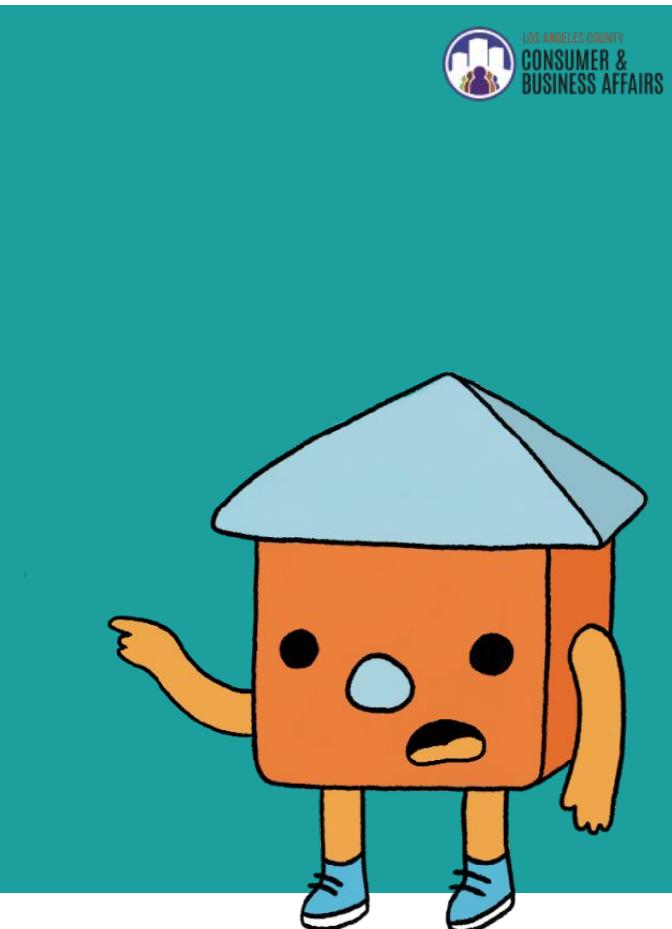

For residential tenants and mobilehome space renters with unauthorized occupants or pets due to COVID-19 who began residing in the unit between March 4, 2020 and January 20, 2023

- ▷ Anti-harassment and retaliation protections during the Resolution's protection periods
- ▷ Starting **April 1, 2023**, landlords are required to serve tenants with a **written 30-Day Notice** prior to filing an eviction based for the presence of unauthorized occupants or pets

Para inquilinos residenciales e inquilinos de espacios de casas móviles con ocupantes no autorizados o mascotas debido a COVID-19 que comenzaron a residir en la unidad entre el 4 de marzo de 2020 y el 20 de enero de 2023

- ▷ Protecciones contra el acoso y las represalias durante los períodos de protección de la Resolución
- ▷ A partir del **1 de abril de 2023**, los propietarios deben entregar a los inquilinos un aviso por escrito de **30 días antes** de presentar un desalojo basado en la presencia de ocupantes no autorizados o mascotas.

What do I do if I can't pay my rent?

¿Qué hago si no puedo pagar el alquiler?

**Beginning April 1, 2023* renters in
Los Angeles County and in LA City
must pay rent on time or risk
eviction.**

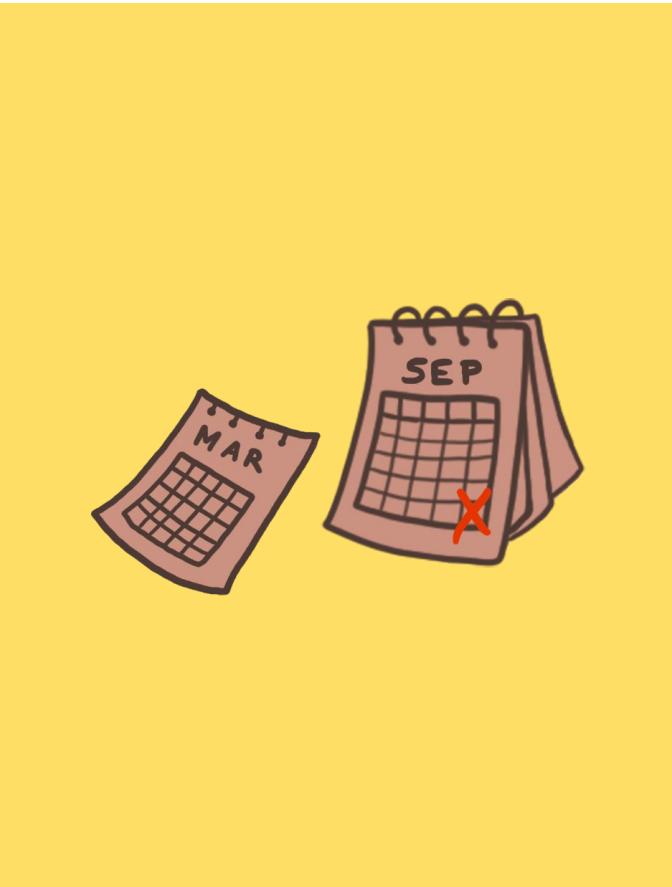

***This may change if the Board of Supervisors extend the
emergency tenant protections.**

A partir del 1o de abril de 2023* los inquilinos en el condado de Los Ángeles y la ciudad de Los Ángeles deben pagar el alquiler a tiempo o enfrentar el riesgo de desalojo.

***Puede que esto cambie si la Junta de Supervisores extiende las protecciones de emergencia para inquilinos.**

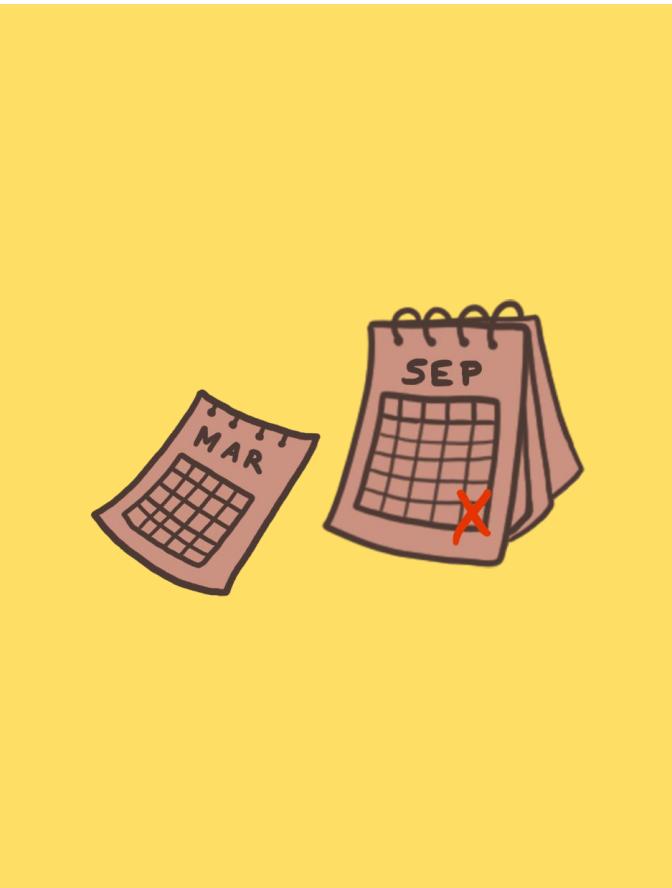

If I couldn't pay my rent due to COVID-19 and I live in LA City, how long do I have to repay it?

- ▷ In the City of Los Angeles, rent debt from March 2020 - September 2021 must be repaid by August 1, 2023.
- ▷ Rent owed between October 2021 and March 2023 must be paid by April 1, 2024.
- ▷ A tenant must submit a COVID declaration for rent owed February 1, 2023 - March 31, 2023

Si no pude pagar mi alquiler a causa de COVID-19 y vivo en la ciudad de L.A., ¿cuánto tiempo tengo para pagarlo?

- ▷ En la ciudad de Los Ángeles, la deuda de alquiler de marzo de 2020 a septiembre de 2021 debe pagarse en o antes de agosto 1 de 2023.
- ▷ El alquiler adeudado entre octubre de 2022 y enero de 2023 debe pagarse en o antes de febrero 1 de 2024.
- ▷ Un inquilino debe presentar una declaración de COVID para el alquiler adeudado del 1 de febrero de 2023 al 31 de marzo de 2023

All other LA County Cities + Unincorporated Areas (NOT LA City): Do I need a declaration?

Rent owed between March
2020 to 9/30/2021

Yes. Fill out a declaration for
every month you owe rent.

Rent Owed 10/1/2021 to
6/30/2022

No. No declarations are relevant
to any of the protections.

Rent owed between 7/1/2022
to 3/31/2023

Yes. Fill out a declaration for
every month you owe rent.

Todas las demás ciudades del condado de Los Ángeles + áreas no incorporadas (NO la ciudad de Los Ángeles): ¿Necesito una declaración?

Alquiler debido entre marzo de 2020 hasta 9/30/2021

Sí. Llene una declaración para cada mes que tiene alquiler debido.

Alquiler debido entre 10/1/2021 hasta 6/30/2022

No. Las declaraciones no son relevantes a ninguna de las protecciones.

Alquiler debido entre 7/1/2022 hasta 03/31/2023

Sí. Llene una declaración para cada mes que tiene alquiler debido.

March 2020 – August 2020

If you did not pay rent between March 2020 - August 2020 AND:

- have not submitted a declaration or
- have not paid 25%

You are not protected from eviction. Starting October 2, 2021 your landlord could send you a 15-day notice to recover rent from these months.

If you responded to the 15-day notice with a declaration, this rent becomes non evictable debt.

Your landlord **cannot evict you** but can take you to **small claims court** to recover unpaid rent.

Marzo de 2020 a agosto de 2020

Si no pagó el alquiler entre marzo de 2020 y agosto de 2020 Y:

- No ha presentado una declaración o
- No ha pagado el 25%

No está protegido contra un desalojo. A partir del 2 de octubre de 2021, su propietario podría enviarle un aviso de 15 días para recuperar el alquiler de estos meses.

Si usted respondió al aviso de 15 días con una declaración, este alquiler se convierte en deuda por la que no lo pueden desalojar.

Su propietario **no lo puede desalojar** pero sí lo puede demandar en el **tribunal de reclamos menores** para recuperar el alquiler no pagado.

September 2020 – September 2021

If you did not pay rent between September 2020 - September 2021:

- have not submitted a declaration or
- have not paid 25%

You are not protected from eviction. Starting Oct 2, 2021 tenants can receive a 15-day notice regarding these months of rent if you have not taken the above steps.

If you provided a declaration and paid 25% of the total rent due before September 30, 2021 the remainder becomes nonevictable debt. Your landlord cannot evict you but they can sue you in small claims court to recover rent owed.

Septiembre de 2020 hasta septiembre de 2021

Si no pagó el alquiler entre septiembre de 2020 y septiembre de 2021 Y:

- No ha presentado una declaración o
- No ha pagado el 25%

No está protegido contra un desalojo. A partir del 2 de octubre de 2021, los inquilinos pueden recibir un aviso de 15 días sobre el alquiler de estos meses si no han seguido los pasos anteriores.

Si usted presentó una declaración y pagó el 25% del total del alquiler debido antes del 30 de septiembre de 2021, el resto se convierte en deuda por la que no lo pueden desalojar. Su propietario no lo puede desalojar pero sí lo puede demandar en el tribunal de reclamos menores para recuperar el alquiler no pagado.

October 2020 - June 2022

If you did not pay rent between October 1, 2020 and June 30, 2022:

- ▷ There are no County protections for unpaid rent from these months. Standard state and local landlord/tenant laws apply.
- ▷ **If tenants did not pay rent for these months, they could be evicted with a 3 Day Notice.**

Octubre de 2021 hasta junio de 2022

Si no pagó el alquiler entre el 1o de octubre de 2021 y el 30 de junio de 2022:

- ▷ No hay protecciones del condado por alquiler no pagado durante estos meses. Aplican las leyes estándares locales y estatales para propietarios e inquilinos.
- ▷ Si el inquilino no pagó el alquiler durante estos meses, **podría ser desalojado con un aviso de 3 días.**

July 2022 - March 2023

If you did not pay rent between July 2022 - March 2023 due to a Covid-19 financial hardship and have income at or below 80% of the Area Median Income (AMI):

- ▷ You must give your landlord the LA County Declaration within 7 days of your rent being due
- ▷ You will have 12 months following the end of the County's emergency protections to repay any past due rent on or after July 1, 2022. If you do not repay your landlord can sue you in small claims court.
- ▷ **Unpaid rent can be only collected after March 31, 2024 in small claims/civil court.**

Julio de 2022 hasta marzo de 2023

Si no pagó el alquiler entre julio de 2022 y marzo de 2023 a causa de dificultades económicas relacionadas a Covid-19 y tiene ingresos por debajo del 80% del Ingreso Medio del Área (AMI por sus siglas en inglés):

- ▷ Debe presentar a su propietario la Declaración del Condado de LA dentro de los 7 días posteriores a la fecha que vence el alquiler
- ▷ Usted tendrá 12 meses después del término de las protecciones de emergencia del condado para reembolsar cualquier alquiler adeudado desde el 1o de julio de 2022 en adelante. Si no paga, su propietario puede demandarlo en el tribunal de reclamos menores.
- ▷ **El alquiler no pagado no puede ser demandado hasta después del 31 de enero de 2024 en el tribunal de reclamos menores.**

Unincorporated LA has permanent rent stabilization (rent control)

Laws that address:

- ▷ When and how much the rent can go up.
- ▷ The reasons that tenants can be evicted.
- ▷ If the landlord takes away an amenity (Ex. parking, laundry facilities, a recreation room, pool, etc.)

If you think there is a violation,
file a complaint with DCBA.

Las áreas no incorporadas de LA están sujetas al reglamento permanente de estabilización de alquileres (control de rentas).

Son leyes que controlan:

- ▷ Cuándo y cuánto puede aumentar el alquiler.
- ▷ Las razones por las cuales los inquilinos pueden ser desalojados.
- ▷ En caso de que el propietario suspenda el uso de algún servicio(por ej., estacionamiento, lavandería, salón de recreación, alberca, etc.)

Si usted considera que se ha cometido una violación, presente una queja ante el DCBA.

Unincorporated LA has new permanent protections

Effective Dec. 15, 2022:

- ▷ Tenant cannot be evicted until rent arrears exceeds one month HUD fair market rent.
 - ▷ Not limited to COVID-19 hardship.
 - ▷ Tenant still owes rent.

Tenant Anti-Harassment Ordinance

- Applies to all residential tenants in the City of Los Angeles. It does not matter if your unit is rent controlled.
- TAHO creates civil and criminal penalties for landlords who are harassing tenants.
- Harassment is defined as "a landlord's knowing and willful course of conduct directed at a specific tenant that seriously alarms or annoys the tenant, and that serves no legitimate purpose."
- Harassment includes:
 - Taking away housing services provided in the lease (like parking)
 - Refusing to do required repairs
 - Threatening a tenant with physical harm
 - Attempting to coerce the tenant to move-out with offers of payment
 - Using lies or intimidation intended to make a tenant move out
 - Threatening or serving an eviction notice based on false reasons
 - Intentionally disturbing a tenant's peace and quiet

If you are being harassed, call LAHD at 1-866-557-7368 or file a complaint online at

Ordenanza anti-acoso a inquilinos

- Aplica a todos los inquilinos residenciales de la Ciudad de Los Ángeles. No importa si su unidad tiene control de alquiler.
- TAHO crea penalizaciones criminales y civiles para propietarios que están acosando a los inquilinos.
- El acoso se define como “la conducta consciente y voluntaria de un propietario dirigido a un inquilino en específico que seriamente alarma o molesta al inquilino, y que sirve un propósito no legítimo.”
- El acoso incluye:
 - Quitar servicios de vivienda provistos en el contrato de alquiler (como estacionamiento)
 - Negarse a hacer reparaciones requeridas
 - Amenazar al inquilino con daño físico
 - Intentar coaccionar al inquilino con ofertas de pago para que se mude
 - Usar mentiras o intimidación con la intención de hacer que el inquilino se mude
 - Amenazar con, o presentar un aviso de desalojo basado en razones falsas
 - Interrumpir la paz y quietud de un inquilino intencionalmente.

**Si usted está siendo acosado, llame al LAHD al 1-866-557-7368 o presente una queja en línea en

- Your landlord is going to demolish, substantially remodel property or stop renting*
- Your unit is being converted to affordable housing*
- Your unit is being converted to non-residential use*

* relocation ass't likely required, with some exceptions

Usted puede ser desalojado si:

- Debe alquiler
- Violaron el contrato de arrendamiento y no solucionaron el problema dentro del período de notificación
- Están dañando la propiedad
- Están usando la propiedad para fines ilegales
- Negarse a firmar un nuevo contrato de arrendamiento que sea sustancialmente igual al anterior
- Le negó al propietario acceso razonable a la propiedad
- Es un subarrendatario no aprobado
- Recibió una orden del gobierno para desalojar*
- Vive en una propiedad de HUD que se está vendiendo
- Usted vive en un hotel residencial en proceso de conversión o demolición, y el cambio está aprobado por LAHD*

También puede ser desalojado si

- Su propietario necesita la unidad para sí mismo, un pariente cercano o un gerente*
- Su propietario va a demoler, remodelar sustancialmente la propiedad o dejar de alquilarla*
- Su unidad se está convirtiendo en unidad de vivienda asequible*
- Su unidad se está convirtiendo para uso no residencial*

* probablemente se requiera asistencia de reubicación, con algunas excepciones

Just Cause protections will apply to all tenants except:

- Tenants with new leases
 - Just cause kicks in after six months or a shorter lease term ends, whichever comes first
- Tenants protected by rent stabilization ordinance
- Units owned by hospital, residential care facility, religious facility, school, fraternity/sorority, certain cooperatives
- Tenants living with owner and sharing bathroom or kitchen
- Supportive or transitional housing exempted by LAHD
- Residents in non-profit recovery programs
- Residents in non-profit transitional housing lasting less than 25 months
- Tenants in properties owned by HACLA

Just Cause protections will apply to all tenants except:

- Inquilinos con nuevos contratos de arrendamiento
 - La causa justa entra en vigor después de seis meses o cuando finaliza un plazo de arrendamiento más corto, lo que ocurra primero
- Inquilinos protegidos por ordenanza de estabilización de alquileres
- Unidades propiedad de hospital, centro de atención residencial, centro religioso, escuela, fraternidad/hermandad, ciertas cooperativas
- Inquilinos que viven con el dueño y comparten baño o cocina
- Vivienda de apoyo o de transición exenta por LAHD
- Residentes en programas de recuperación sin fines de lucro
- Residentes en viviendas de transición sin fines de lucro que duren menos de 25 meses
- Inquilinos en propiedades de HACLA

Additional protections for LA City renters will likely take effect in March, 2023:

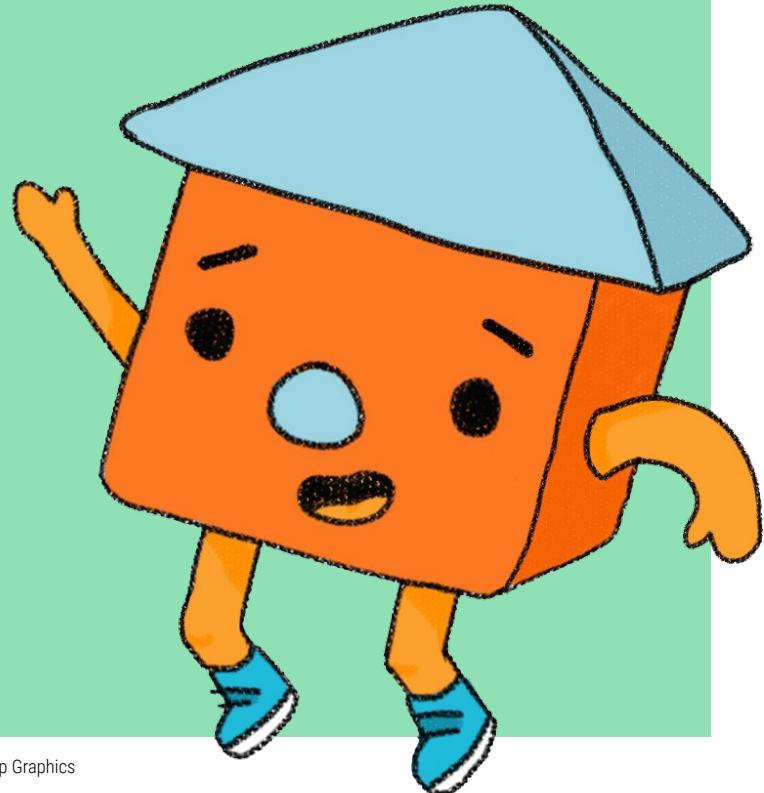

- Failure to pay only grounds for eviction once rent arrears exceeds one month HUD fair market rent.
- Tenants displaced by large rent increases entitled to relocation assistance.

Es probable que las protecciones adicionales para los inquilinos de la ciudad de Los Ángeles entren en vigencia en marzo de 2023:

- La falta de pago solo es motivo de desalojo una vez que el alquiler atrasado supera un mes de alquiler bajo el índice del mercado de HUD.
- Los inquilinos desplazados por grandes aumentos de alquiler tienen derecho a asistencia de reubicación.

Can I be evicted right now?

¿Me pueden desalojar ahora?

**Yes. Even though emergency
protections are in place your landlord
may still try to evict you.**

You **MUST** file an answer within five court days of receiving a summons and complaint.

You can file an answer yourself at
<https://tools.debtcollective.org>

or you can go to a self help center

NOTICE TO DEFENDANT:
 (AVISO AL DEFENDEDOR):

YOU ARE BEING SUED BY PLAINTIFF
 (LO ESTÁ DEMANDANDO AL DEFENSOR):

NOTICE! You have been sued. This court may decide against you without your being heard unless you respond within 5 days from the date you receive this summons. If you do not respond, you will be found guilty by default. If you are a California citizen or if you are a nonresident alien, after this summons and legal papers are served upon you, you must file a written answer and a defense to the demands in the complaint or this court will enter a default judgment against you. Copy not on the plaintiff.

A letter to plaintiff will not protect you. Your written response must be in proper legal form if you want the court to hear your case. This is a very serious matter. If you can't afford your attorney, please call the Consumer Protection Center at the California Lawyer's Association, or the Consumer Protection Program of the California County Bar Foundation, or the Consumer Protection Program of the Superior Court of Los Angeles, and/or the California State Bar, or the court nearest you. If you do not file your response on time, your case will be heard in your absence, and you may be liable for costs and expenses, and possibly for more than what you owe.

There are other legal requirements. You may need to call an attorney right away. If you do not know an attorney, you may want to call an attorney referral service. If you cannot afford an attorney, you may be eligible for help through the Consumer Protection Program. You also should contact the Consumer Protection Center, the California County Bar Foundation, or the Superior Court of Los Angeles, or the court nearest you.

PLEA-NOT GUILTY: If you cannot pay the filing fee, ask the court for another form. **NOTE:** The court has a mandatory law that requires that all people who sue in small claims court must pay a filing fee of \$10.00 or more in a civil case. The court never has been paid before the court will dismiss the case.

DEFENSE OF COSTS: If you cannot pay the costs of presentation, ask the defendant to do so at the time the summons or notice is given. If the defendant fails to do so, the court may require you to pay a portion of the costs.

1. The name and address of the court is:
 2. The name, address, and telephone number of plaintiff's attorney, or plaintiff without an attorney, to whom notice and demands are to be given to the defendant: _____

Re-Imagine General Hospital

DEO is seeking a vendor to reimagine the historic General Hospital and transform the 25 acres of land into a place of recovery, growth and healing!

A group of four people (three men and one woman) are standing in front of the General Hospital building. They are all dressed in professional attire (suits and blazers). Each person is giving a thumbs-up gesture. Behind them is the ornate facade of the hospital, featuring classical architectural details like columns and relief sculptures. To the left and right of the group are two large yellow signs that read "WELCOME" and "ENVENIDOS" respectively, with "THE WELLNESS CENTER" written above "ENVENIDOS".

LA TIMES TODAY

Turning General Hospital into affordable housing

BY LA TIMES TODAY STAFF | EAST LOS ANGELES
PUBLISHED 10:15 AM PT JAN. 05, 2023

Los Angeles' General Hospital was once the crown jewel of LA County's medical system and the iconic backdrop for one of TV's longest running daytime soap operas. But for over a decade, the medical complex has stood vacant. Now, there are plans to breathe new life into the abandoned hospital. LA Times senior writer Doug Smith joined Lisa McRee on "LA Times Today" to share the county's plans.

General Hospital's 35-acre campus has several buildings and stretches of land. Smith said LA County is asking developers to come up with ideas on how to turn the campus into affordable housing. "The hospital building itself, which stands on a hill above the campus, will become possibly 300 to 700 units of housing for homeless people and affordable housing. Other parts of the campus could be used for what's called a 'restorative village,' which will have facilities for people recovering from physical illnesses and also people recovering from mental illnesses. There's another 12 to 15 acres that will probably be mostly housing, some open space, some community space, maybe art museum space," Smith explained.

LA County Supervisor Hilda Solis has made it a point to include the surrounding community in the plans for General Hospital. "A lot of the things that are going to be built there are going to be accessible to the community. There's a child care center that is going to be completed in December and that will be open to people who work in the hospitals, but also the community," Smith said.

Watch the full interview above.

NEWS RELEASE

313 N. Figueroa Street, Room 806 | Los Angeles, CA 90012 | (213) 240-8144 | media@ph.lacounty.gov

For immediate Release:
September 15, 2022
Health Alert: Counterfeit Pills Contaminated with Fentanyl Causing Drug Overdose

The Los Angeles Department of Public Health is issuing a health alert after four adolescents were found overdosed following purchasing counterfeit narcotic pills at Lexington Park, including one student found deceased on campus at Bernstein High School in Hollywood on September 13, 2022.

Nationwide, there has been a growing trend of illicit drugs (particularly methamphetamine and cocaine) and counterfeit pills contaminated with fentanyl and other life-threatening substances. This has impacted both adults and youth. In 2021, fentanyl was identified in about 77% of adolescent overdose deaths nationally, and over 80% of drug overdose deaths among adolescents aged 15 – 19 in 2015 were unintentional. Fentanyl and methamphetamine-related overdose deaths have increased in Los Angeles County even prior to the pandemic and continue to rise at an alarming rate.

Fentanyl is a high potency synthetic opioid that is colorless and odorless and can cause rapid respiratory depression resulting in accidental death. Awareness of the risk of fentanyl in counterfeit pills, stimulants, and other substances sold outside of pharmacies is necessary for both the general public, including youth and adults, as well as healthcare providers.

Recommended Actions for the Public:

- Parents and Guardians Should Talk About Drug Use with Adolescents
 - o Parents and guardians should use honest language that emphasizes their values and concerns around drug use.
 - o Open conversations that evoke adolescents' understanding and experiences are more effective than lecturing and utilizing scare tactics.

Harm Reduction Unit

The Division of Substance Abuse Prevention and Control's (SAPC) Harm Reduction Unit is focused on expanding access to harm reduction and overdose prevention services provided by Los Angeles County's Department of Public Health's contracted Engagement and Overdose Prevention (EOP) Hubs, also known as syringe service providers, to reduce the number of deaths related to opioid overdoses in LA County.

The Overdose Epidemic

Harm Reduction-Principles

Harm reduction is an evidence-based public health approach that aims to reduce the negative consequences associated with substance use. Harm reduction focuses on "meeting people where they are" and recognizes that many people aren't willing or able to stop using substances and focuses on decreasing the negative consequences associated with drug use by equipping individuals with the knowledge and resources they need to protect themselves. Harm reduction adopts a variety of safer use strategies including syringe service programs, providing medications for addiction treatment (MAT), peer programs, safe consumption sites and more.

Get Informed, Stay Safe
FENTANYL IN LOS ANGELES COUNTY

More adolescents have overdosed and died in Los Angeles County than ever before because of a drug called **fentanyl** that is often mixed into counterfeit pills and other illicit drugs.

Fentanyl is an opioid drug that is stronger than other types of opioids – it is 50 times stronger than heroin and 100 times stronger than morphine and exponentially stronger than other prescription opioids.

Fentanyl is colorless and odorless. It is **impossible** to know whether fentanyl has been mixed into a counterfeit pill or other drug without testing it. Even a few grains of fentanyl kill someone because fentanyl can cause someone to stop breathing.

Protect yourself and others by informing yourself of the risks of overdose and how to respond if someone overdoses.

Fentanyl Test Strips (FTS)

Chocolate Chip Cookie Effect

One portion of a drug may be positive for fentanyl while another portion may not.

1. Prepare drug sample. Use a clean spoon or cookie cutter.
2. Set prepared drugs aside.
3. Add 1/4 teaspoon of drug sample to the test area.
4. Dip end of test strip into the liquid for 5 seconds.
5. Check for a red line. One line means fentanyl; two lines mean no fentanyl.

FENTANYL IN LA COUNTY

In Los Angeles County, overdose deaths among teenagers doubled from 2019 to 2020 (during the covid pandemic), and in 2021, fentanyl was identified in about 77% of adolescent overdose deaths nationally. We are experiencing the worst overdose crisis in Los Angeles County history. Recent local tragedies include three Los Angeles County youth had overdosed from MDMA that had been contaminated with fentanyl in May 2022. On September 13, 2022, a 15-year-old Bernstein HS student was found dead on campus in Hollywood after ingesting a pill containing fentanyl. There have been at least other 7 reported overdoses of other Los Angeles County youth.

Fentanyl can now be found within counterfeit pills and other illicit drug within Los Angeles County and the presence of fentanyl is causing an increased rate of overdose and death. The landscape of overdose deaths no longer primarily among those who are using regularly. Due to fentanyl, we are seeing people overdose and die the first time they try an illicit substance or counterfeit pill.

What is fentanyl?

Fentanyl is an opioid that is sold illicitly on its own but can also be mixed in with illicit substances. When taken by someone without tolerance to opioids, fentanyl that can rapidly cause someone to stop breathing and die. Fentanyl is 50 times more potent than heroin and 100 times more potent than morphine. The DEA has stated that they believe 100% of the counterfeit pills being sold online contain fentanyl.

What does it do?

Fentanyl works on opioid receptors in the brain to decrease pain throughout the body, but it can also make people feel euphoric, confused, sedated, drowsy, dizzy, constipated, and nauseated, and can decrease your rate of breathing.

Why is it so dangerous?

Fentanyl is more potent than other opioids, even in small quantities. A few grains of fentanyl can cause death from an overdose, and because it is colorless and odorless, it is difficult to detect without testing.

Why is it put in other pills or drugs?

Fentanyl is very cheap to manufacture and when mixed with other substances (such as MDMA, cocaine, heroin, methamphetamine) and put in counterfeit pills (illicit opioid pain pills such as oxycodone, morphine, norco, Vicodin), it can increase potency and euphoria.

How do we know if something has fentanyl?

No one can tell if a pill or drug contains fentanyl by looking at it or smelling it. Fentanyl test strips purchased online can be used by they will not show how much fentanyl is in it or how potent it is. You can purchase them affordably online at: [BTNX](#), [Dose Test](#), [Dance Safe](#), [Wisebatch](#), or [TACO](#).

How can you prevent overdose deaths?

Narcan/naloxone is a lifesaving medication that reverses an opioid overdose. It can be administered via a nasal spray or intramuscular injection that will restore normal breathing in someone who has overdosed on an opioid and stopped breathing. Los Angeles County Residents can ask their healthcare provider for a prescription for naloxone. Additionally, some pharmacies may provide naloxone, and a list of participating pharmacies is available online [here](#). FENTANIL EN EL CONDADO DE LOS ÁNGELES

En el Condado de Los Ángeles, las muertes por sobredosis entre adolescentes se duplicaron de 2019 a 2020 (durante la pandemia de Covid-19), y en 2021, el fentanilo se identificó en alrededor del 77 % de las muertes de adolescentes a causa de sobredosis a nivel nacional. Estamos experimentando la peor crisis de sobredosis en la historia del Condado de Los Ángeles. Las tragedias locales recientes incluyen a tres jóvenes del Condado de Los Ángeles que sufrieron una sobredosis de MDMA que había sido contaminado con fentanilo en mayo de 2022. El 13 de septiembre de 2022, un estudiante de 15 años de Bernstein High School fue encontrado muerto en el campus de Hollywood tras ingerir una píldora que contenía fentanilo. Se ha informado de al menos 7 casos de sobredosis en otros jóvenes del Condado de Los Ángeles.

Ahora el fentanilo se puede encontrar dentro de píldoras falsas y otras drogas ilícitas dentro del Condado de Los Ángeles y la presencia de fentanilo está causando un aumento en la tasa de sobredosis y muerte. El escenario de muertes por sobredosis ya no recae principalmente entre quienes consumen de forma regular. Debido al fentanilo, estamos viendo cómo las personas sufren sobredosis y mueren la primera vez que prueban una sustancia ilícita o una píldora falsa.

¿Qué es el fentanilo?

El fentanilo es un opioide que se vende ilícitamente por sí solo, pero que también puede mezclarse con sustancias ilícitas. Cuando lo toma alguien que no tiene tolerancia a los opioides, el fentanilo puede hacer que la persona deje de respirar rápidamente y muera. El fentanilo es 50 veces más potente que la heroína y 100 veces más potente que la morfina. La DEA ha declarado que cree que el 100 % de las píldoras falsas que se venden en internet contienen fentanilo.

¿Para qué sirve?

El fentanilo actúa sobre los receptores opioides del cerebro para disminuir el dolor en todo el cuerpo, pero también puede hacer que las personas se sientan eufóricas, desorientadas, sedadas, somnolientas, mareadas, estreñidas y con náuseas, y puede disminuir la frecuencia respiratoria.

¿Por qué es tan peligroso?

El fentanilo es más potente que otros opioides, incluso en pequeñas cantidades. Unos pocos granos de fentanilo pueden causar la muerte por sobredosis y, como es incoloro e inodoro, es difícil de detectarlo sin realizar pruebas.

¿Por qué se agrega a otras píldoras o drogas?

El fentanilo es muy barato de fabricar y cuando se mezcla con otras sustancias (como MDMA, cocaína, heroína o metanfetamina) y se agrega a pastillas falsas (analgésicos opioides ilícitos como la oxicodeona, la morfina, el Norco o el Vicodin) puede aumentar la potencia y la euforia.

¿Cómo sabemos si algo tiene fentanilo?

Nadie puede saber si una píldora o droga contiene fentanilo mirándola u oliéndola. Las tiras reactivas de fentanilo compradas en internet pueden utilizarse, pero no muestran la cantidad de fentanilo que contiene ni su concentración. Puedes comprarlas de forma económica en línea en: [BTNX](#), [Dose Test](#), [Dance Safe](#), [Wisebatch](#) o [TACO](#).

¿Cómo se pueden prevenir las muertes por sobredosis?

Narcan/la naloxona es un medicamento salvavidas que revierte una sobredosis de opioides. Puede administrarse mediante un aerosol nasal o una inyección intramuscular que permitirá restablecer la respiración normal en alguien que haya sufrido una sobredosis por opioides y haya dejado de respirar. Los residentes del Condado de Los Ángeles pueden pedir a su proveedor de atención médica una prescripción para naloxona. Asimismo, algunas farmacias pueden proveer naloxona y en línea se encuentra disponible una lista de farmacias participantes [aquí](#). Por último, los residentes del Condado de Los Ángeles pueden visitar <http://www.LAdopprevention.org> para obtener una lista de recursos en línea. Para obtener más información sobre la prevención y el tratamiento del consumo de sustancias, visite [www.RecoverLA.org](#).

The landscape of overdose deaths no longer primarily among those who are using regularly. Due to fentanyl, we are seeing people overdose and die the first time they try an illicit substance or counterfeit pill.

Conversations can save lives.

What to say to youth about fentanyl and overdoses:

- 1) Anyone who uses illicit substances (such as cocaine, methamphetamine, MDMA (ecstasy), or heroin), counterfeit pills (purchased from online or in-person dealers such as, oxycodone, morphine, or sedatives like Xanax), or who obtains medication that is *not* prescribed to them and picked up from a pharmacy is at risk for an overdose.
- 2) Fentanyl is being found in many illicit substances and counterfeit pills. Drug dealers do not consistently know what is in the pills they are selling.
- 3) If you are going to experiment with substances:
 - a. Have Naloxone (Narcan) with you.
 - b. Do not use alone (Having someone who can monitor for an overdose and administer Naloxone (Narcan)) or calling [NeverUseAlone](#) at 1-800-484-3731.
 - c. Test substances for fentanyl with a fentanyl testing strip, which can be purchased online through [BTNX](#), [Dose Test](#), [Dance Safe](#), [Wisebatch](#), or [TACO](#).
 - d. Do not purchase substances from unknown sources.
- 4) Please reach out for help to your counselor, pediatrician, therapist, parents if you want to use substances.

Talking to Parents and Youth About Fentanyl

FENTANYL IN LA COUNTY

How parents can talk to their children about fentanyl and drugs:

1. Have open and honest conversations about drugs with your kids early and often.
2. Be clear about your expectations.
 - a. Saying “be smart” may mean something different to you than it does to your child. Being direct by saying something like “I expect that you will not drink and drive or use illicit substances” is clearer.
3. Use age-appropriate language and contexts to help them understand what illicit drugs can do.
 - a. For elementary school kids: Discussing that you don’t take anyone else’s medication and that you only take medication when it is prescribed by your doctor or approved by your parents.
 - b. For teens: Try asking questions about what they know about substances and let them share with you. Provide accurate information if they ask questions and be honest when you don’t know something and seek out resources together. Avoid trying to lecture them.
4. Create a safe, nonjudgmental space.
5. Always listen to what they know and answer their questions as honestly as you can.
6. Ask for help when you need it.
7. Additional guidance for parents and families is available [here](#) and [here](#).

Debido al fentanilo, estamos viendo cómo las personas sufren sobredosis y mueren la primera vez que prueban una sustancia ilícita o una píldora falsa.

Las conversaciones pueden salvar vidas.

Qué decirles a los jóvenes sobre el fentanilo y las sobredosis:

- 1) Cualquier persona que consuma sustancias ilícitas (como cocaína, metanfetamina, MDMA [éxtasis] o heroína), pastillas falsas (compradas a traficantes en línea o en persona, como oxicodeona, morfina o sedantes como Xanax) o que obtenga medicamentos que *no* le hayan sido recetados y que retire en una farmacia, corre el riesgo de sufrir una sobredosis.
- 2) El fentanilo se encuentra en muchas sustancias ilícitas y en píldoras falsas. Los traficantes de drogas no siempre saben qué contienen las pastillas que venden.
- 3) Si vas a experimentar con sustancias:
 - a. Lleva contigo naloxona (Narcan).
 - b. No lo consumas solo (es preferible estar con alguien que pueda controlar una sobredosis y administrar naloxona [Narcan]) o llamar a [NeverUseAlone](#) al 1-800-484-3731.
 - c. Prueba las sustancias para detectar el fentanilo con una tira de prueba de fentanilo, que se puede comprar en línea a través de [BTNX](#), [Dose Test](#), [Dance Safe](#), [Wisebatch](#) o [TACO](#).
 - d. No compres sustancias de fuentes desconocidas.
- 4) Por favor, pide ayuda a tu consejero, pediatra, terapeuta, padres si quieras consumir sustancias.

Cómo pueden los padres hablar con sus hijos sobre el fentanilo y las drogas:

1. Mantenga conversaciones abiertas y sinceras sobre las drogas con sus hijos desde una edad temprana y con regularidad.
2. Sea claro con respecto a sus expectativas.
 - a. Decir "sé inteligente" puede significar algo diferente para usted que para su hijo. Ser directo diciendo algo como "espero que no bebas y conduzcas ni consumas sustancias ilícitas" es más claro.
3. Utilizar un lenguaje y contextos adecuados a la edad para ayudarles a entender lo que pueden provocar las drogas ilícitas.
 - a. Para niños de primaria: hablar de que no se toma el medicamento de nadie más y que sólo se toma el medicamento cuando la prescribe el médico o la aprueban los padres.

Hablando con padres y jóvenes sobre fentanilo

Fentanilo en el Condado de Los Ángeles

- b. Para los adolescentes: tratar de hacerles preguntas sobre lo que saben acerca de las sustancias y dejar que las compartan con usted. Proporcionar información precisa si hacen preguntas y ser honesto cuando no tenga conocimiento de algo y buscar recursos juntos. Evite tratar de sermonearlos.
4. Genere un espacio seguro y sin prejuicios.
5. Escuche siempre lo que saben y responda a sus preguntas con la mayor honestidad posible.
6. Pida ayuda cuando la necesite.

Learn more about Naloxone

FENTANYL IN LA COUNTY

What is naloxone (Narcan)?

Naloxone, which also goes by the brand name Narcan, is a lifesaving medication that reverses an opioid overdose. It is a nasal spray or injection that will restore the normal breathing of someone who has overdosed on an opioid and stopped breathing. Naloxone will work within 1-2 minutes after administration and additional doses can be administered every 90 seconds if the person hasn't started breathing again. Multiple doses of naloxone may be needed for high potency opioids such as fentanyl.

What does it do?

Naloxone blocks the opioid receptors in the brain. It removes opioids that activate opioid receptors and reverses the effects of the opioids to restore breathing. Naloxone can stay in someone's system for about 30-60 minutes until help can arrive.

Who can administer naloxone (Narcan)?

Anyone can administer naloxone after watching naloxone training videos that are [readily available online](#). The CA Good Samaritan Law protects anyone acting in good faith from any civil prosecution if they administer Narcan to someone in an emergency overdose situation. Naloxone is effective for youth who have overdose, and possession of naloxone and rescuing youth who have overdoses with naloxone does not require parental consent.

When does naloxone (Narcan) expire?

Each Narcan will have an expiration date printed on the box and typically has a shelf life of 36 months. The expiration date can be extended by a couple of years if it is stored in a cool, dry place.

Can someone get addicted to naloxone (Narcan)?

No. Naloxone reverses the effects of opioids, is an antidote to opioid overdose, and is not an addictive substance.

What are some other common misconceptions about Narcan:

Having a naloxone kit does not increase a person's opioid or other substance use. If naloxone is administered to someone who has overdosed on anything other than an opioid—including alcohol, benzodiazepines (such as Xanax), stimulants, or psychedelics—Narcan will not have any effect, and would not worsen the person's non-opioid overdose.

What are common side effects to Narcan?

After administering Narcan, people who have overdosed on opioids including fentanyl will start breathing again. People can experience flushing, dizziness, anxiety, irritability, body aches, and some confusion.

Where can someone get naloxone (Narcan)?

Los Angeles County Residents can ask their healthcare provider for a prescription for naloxone. Additionally, some pharmacies may provide naloxone without a prescription, and a list of participating pharmacies is available online [here](#). Lastly, Los Angeles County residents can visit <http://www.LAOdprevention.org> for a list of additional online resources.

Obtenga más información sobre la naloxona (Narcan)

Fentanilo en el Condado de Los Ángeles

¿Qué es la naloxona (Narcan)?

La naloxona, también conocida por el nombre de la marca Narcan, es un medicamento que salva, vidas revierte una sobredosis de opioides. Es un aerosol nasal o una inyección que permite restablecer la respiración normal de una persona que ha experimentado una sobredosis de opioides y ha dejado de respirar. La naloxona actúa luego de 1 o 2 minutos de su aplicación y se puede administrar dosis adicionales cada 90 segundos si la persona no consigue volver a respirar. Puede ser necesario administrar múltiples dosis de naloxona para opioides de alta potencia como el fentanilo.

¿Para qué sirve?

La naloxona bloquea los receptores opioides en el cerebro. Elimina los opioides que activan los receptores opioides y revierte los efectos de los opioides para recobrar la respiración. La naloxona puede permanecer en el organismo de una persona entre 30 y 60 minutos hasta que llegue la ayuda.

¿Quién puede administrar naloxona (Narcan)?

Cualquier persona puede administrar naloxona después de ver los videos de entrenamiento sobre naloxona que están [disponibles en Internet](#). La Ley del Buen Samaritano de California protege a cualquier persona que actúe de buena fe ante cualquier proceso civil si administra Narcan a alguien en una situación de emergencia provocada por una sobredosis. La naloxona es eficaz para los jóvenes que sufren una sobredosis, y la posesión de naloxona y el rescate de jóvenes que experimentan una sobredosis de naloxona no requiere el consentimiento de los padres.

¿Cuándo expira la naloxona (Narcan)?

Cada caja de Narcan tendrá una fecha de vencimiento impresa y normalmente tiene una vida útil de 36 meses. La fecha de caducidad puede prolongarse un par de años si se almacena en un lugar fresco y seco.

¿Alguien puede desarrollar una adicción a la naloxona (Narcan)?

No. La naloxona revierte los efectos de los opioides, es un antídoto contra la sobredosis de opioides y no es una sustancia adictiva.

¿Cuáles son otros conceptos erróneos comunes sobre el Narcan?

Disponer de un kit de naloxona no eleva el consumo de opioides ni de otras sustancias de una persona. Si se administra naloxona a una persona que ha experimentado una sobredosis de cualquier cosa que no sean opioides (incluido el alcohol, las benzodiacepinas, como Xanax, los estimulantes o los psicodélicos), Narcan no tendrá ningún efecto y no empeorará una sobredosis que no sea de opioides de la persona.

¿Cuáles son los efectos secundarios más comunes de Narcan?

Luego de administrar Narcan, las personas que han sufrido una sobredosis de opioides, incluido el fentanilo, empezarán a respirar de nuevo. Las personas pueden experimentar enrojecimiento, mareos, ansiedad, irritabilidad, dolores corporales y cierta confusión.

¿Dónde se puede conseguir naloxona (Narcan)?

Los residentes del Condado de Los Ángeles pueden pedir a su proveedor de atención médica una prescripción para la naloxona. Asimismo, algunas farmacias pueden proporcionar la naloxona sin necesidad de exigir una receta, y en línea [aquí](#) está disponible una lista de farmacias participantes. FENTANYL IN LOS ANGELES COUNTY

More adolescents have overdosed and died in Los Angeles County than ever before because of a drug called **fentanyl** that is often mixed into counterfeit pills and other illicit drugs.

Fentanyl is an opioid drug that is stronger than other types of opioids – it is 50 times stronger than heroin and 100 times stronger than morphine and exponentially stronger than other prescription opioids.

Fentanyl is colorless and odorless. It is **impossible** to know whether fentanyl has been mixed into a counterfeit pill or other drug without testing it. Even a few grains of fentanyl kill someone because fentanyl can cause someone to stop breathing.

Protect yourself and others by informing yourself of the risks of overdose and how to respond if someone overdoses.

Get informed about fentanyl and overdose:

- 1) All pills acquired from a place other than a pharmacy or healthcare provider should be presumed to be a counterfeit pill that contains fentanyl.
- 2) Fentanyl can be mixed with:
 - a. Illicit substances (e.g., cocaine, methamphetamine, MDMA [ecstasy], or heroin)
 - b. Counterfeit pills (e.g., prescription opioids like Percocet, Vicodin, or Oxycontin, or sedatives like Xanax purchased online or outside of pharmacy)
 - c. Any medication that is not prescribed through a pharmacy
- 3) People who sell drugs do not always know whether fentanyl is in the pills they are selling
- 4) People who use drugs should:
 - a. Keep naloxone (Narcan) nearby (see below for how to access naloxone)
 - b. Not use alone (having someone who can monitor for an overdose and administer naloxone (Narcan) or calling [NeverUseAlone](#) at 1-800-484-3731)
 - c. Test substances for fentanyl with a fentanyl testing strip, which can be purchased online through [BTNX](#), [Dose Test](#), [Dance Safe](#), [Wisebatch](#), or [TACO](#)
 - d. Fentanyl can be mixed into drugs purchased from unknown sources or received from people you know, such as your friends

Recognizing Overdose

Someone might be overdosing if they have any of the following after using a drug:

- Fall asleep and cannot be woken
- Have slow and shallow breathing
- Choke or make gurgling sounds
- Have a limp body or discolored & cold skin

- The pupils in their eyes become small and constricted.

Responding to Overdose

If someone overdoses:

- **Call 911**, notify an adult, and ask for medical help for the person who overdosed.

- Administer naloxone (Narcan): Watch this [Video](#) to learn more and know you are protected by law from being arrested if you administer naloxone in an emergency situation.

- Keep the person awake and breathing.

- Lay the person on their side to prevent choking.
- Do not leave the person alone until help arrives.

Where to get naloxone (Narcan)?

Anyone can ask their healthcare provider for a prescription for naloxone.

Some schools have naloxone to rescue someone who overdoses on campus. Ask your teacher or other school staff where on-campus naloxone can be found. More about obtaining naloxone is available here:

<http://publichealth.lacounty.gov/sapc/public/overdose-prevention.htm>

Help is available

- 1) Please reach out for help to your counselor, pediatrician, therapist, or parents if you are using or thinking about using drugs. You can also receive help and a prescription of naloxone without your parents knowing.
- 2) [RecoverLA](#) is mobile-friendly and has information about substance use and how to get help.
